

Regional District of North Okanagan Water Change in West Coldstream Area

Due to recent warm weather, water demands have increased significantly. Areas in the West Coldstream area that were temporarily switched to the East Kalamalka intake water source from Antwerp Springs are now on Duteau Creek source. The Duteau Creek and East Kalamalka Lake intake are both currently rated as “**FAIR**” therefore a “Water Quality Advisory” is in effect as directed by the Interior Health Authority. The water quality of Duteau Creek is described as colored, very soft and low alkalinity. Areas affected are as follows:

1. Coldstream Creek East of McClounie Road
2. Kalamalka Road East of McClounie Road
3. McClounie Road
4. Whetzell Drive
5. Bonavista Drive
6. DeJong Drive
7. Giles Drive
8. Mackie Drive
9. Grieve Drive
10. Cosens Bay Road

Due to the switch of sources the following areas may see a blend of both Duteau Creek and East Kalamalka Lake intake.

1. Coldstream Creek West of McClounie Road
2. Tassie Drive
3. Briar Drive
4. Primrose Drive
5. Senita Court
6. Corona Court
7. Cactus Drive
8. Sage Drive
9. Caraway Court
10. Cunliff Road
11. Harper Drive
12. Lochaven Drive
13. Marwood Pace
14. Palfrey Drive West
15. Linden Drive
16. Holtam Drive
17. Kidston Road south of Linden
18. Kinloch Drive
19. Tamarck Drive
20. Juniper Drive
21. Invercraig Place
22. Sumac Lane
23. Ponderosa Way

The changeover took place on Thursday, July 08, 2010 and customers will remain on the Duteau water system. For more information, please visit our website at www.rdno.ca or contact our office at 250-550-3700.
