

ENCODER-RECEIVER-TRANSMITTER OPT OUT FORM Greater Vernon Water

The Encoder-Receiver-Transmitter (ERT) opt out option is available for Greater Vernon Water (GVW) customers. This option allows customers to request a manual reading of their meter(s) and not have an ERT installed on their property. Those who opt out will be subject to a quarterly charge of \$35.00 to have their meter read manually.

I, _____, wish to opt out of the Automatic Meter Reading program and do not want an Encoder-Receiver-Transmitter (ERT) device installed on my property. I understand and agree there will be a quarterly charge of \$35.00 applied to my utility bill to have my meter read manually.
