OKANAGAN RAIL TRAIL PROJECT - PHASE 1 CONSTRUCTION BEGINS

The Regional District is excited to announce that Phase 1 Construction of the Okanagan Rail Trail Project is set to start! We would like to notify the public that the trail will be closed for construction approximately 1 km south of Kickwillie Loop in the District of Coldstream.

The trail will be closed beginning Tuesday, October 10, 2017 and will remain closed for the duration of rock scaling, trail construction and development.

We are asking the public to respect the closure and to stay completely off the closed section of trail for their own safety until further notice.

Learn more at okanaganrailtrail.ca and www.rdno.ca.

For further information, please call 250-550-3700.
