

APARTMENT

SAFETY

Use the intercom wisely. If you do not know the person, do not buzz the door. If someone claims to have a delivery for you, go down to the lobby to let them in.

Do not store valuables in storage lockers.

Lock your patio door or windows when you are out of the room and at night to prevent a thief entering your suite. Use your suite door locks even if you intend to stay in the building or just take out the garbage.

Never allow strangers to enter your building without proper screening. Be aware of tailgaters trying to enter your building by following you in through the front door or parking garage.
