

PREVENTING

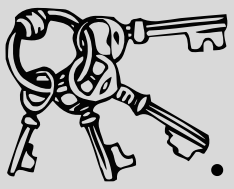

AUTO CRIME

Keys and Door Openers

- Never leave your keys unguarded, such as at the gym or at the office. Treat your keys like cash and keep it secure.
- Keep your garage door opener with you and not left behind in your vehicle.
- Do not store a spare or valet key in/under your vehicle

Anti-Theft

- Remove possessions from your vehicle - shopping bags, tools, spare change, electronics, brief cases, etc. Put anything that could tempt a thief in the trunk.
- Park in secure, well-lit areas near pedestrian traffic. Always lock doors and close windows, even if you're away from your vehicle for just a few minutes.

- Own an older vehicle? Consider using an anti-theft device, such as an electronic engine immobilizer or steering wheel lock.
- Wait for garage door gates to close behind you so thieves don't have a chance to get in the parkade.

Never leave your vehicle unattended with the engine running - even for a few seconds.
