FROM: Finance Department

SUBJECT: 2024 Financial Plan Bylaw No. 2983, 2024

File No: 1700.2024

Date: March 20, 2024

RECOMMENDATION 1:

That 2024 Financial Plan Bylaw No. 2983, 2024 be given First, Second and Third Readings.

RECOMMENDATION 2:

That 2024 Financial Plan Bylaw No. 2983, 2024 be Adopted.

SUMMARY:

The Regional District of North Okanagan's 2024 budget is \$130.2 million, an increase of \$18.3 million from \$111.9 million in 2023.

The 2024 operating budget is \$61.3 million, an increase of \$7.0 million from \$54.3 million in 2023 (excluding amortization). The 2024 capital budget is \$61.5 million, an increase of \$12.1 million from \$49.4 million in 2022.

The total 2024 tax requisition is \$22.0 million. This represents an increase of \$1.1 million (or 5.3%) from \$20.9 million in 2023.

The Regional District's tax base growth is estimated at 1.8%. Thus, the average property owner in the North Okanagan will experience a property tax increase of 3.5%.

The tax impact for individual property owners is highly variable. The degree of a property's tax increase or decrease will be impacted by the following:

- the municipality or electoral area in which the property is located, in combination with the regional district services that the particular jurisdiction participates in and the budget changes of those services;
- the property's change in assessed value relative to the average assessment change of the same property classification within its municipality or electoral area;
- the change in assessed value of the property's municipality or electoral area relative to the change in other municipalities and electoral areas; and
- any regional district local area services that the property is located within and the budget changes of those services.

DISCUSSION:

The Financial Plan must be adopted by bylaw by March 31st each year.

The following table summarizes the 2024 Budget with comparisons to the 2023 Budget and the 2022 actual revenue and expenditures. Overall, the 2024 tax requisition is \$22,026,659 (2022 - \$20,923,548), representing an increase of \$1,103,111, or 5.3%.

After taking into account tax base growth, the average property owner in the North Okanagan will experience a property tax increase of 3.5%.

The 3.5% property tax increase compares favorably to the rate of inflation of 3.4% for 2023 (BC CPI, December to December).

5-Year Financial Plan

Local governments must adopt a new 5-Year Financial Plan bylaw every year. The future years of the Financial Plan take into account Master Plans, existing contracts, prior direction provided by the Board of Directors and approved capital plans, as well as various grant applications seeking project funding. In general, many ongoing expenditures have been inflated by 2% per year within the Financial Plan.

The Regional District prepares a budget and adopts a new Financial Plan annually. While the years beyond 2024 should be viewed as the current plan, the plan will be adjusted as new information is

received and decisions are made by the Board throughout the year and during next year's annual budget process.

The 2024 Financial Plan Bylaw is included as Attachment 'A' and is summarized in the table below.

The Regional District started budgeting for amortization in 2022. Since amortization is a non-cash item and is not funded through property taxation or other funding sources directly, a separate line is included in the Financial Plan to add an identical, offsetting amount within total revenue. The inclusion of amortization within the Financial Plan assists with the linkage to the annual financial statements, in which amortization must be accounted. Budgets are prepared on a cash basis, whereas financial statements are prepared under Canadian public sector accounting standards.

Tax Base Growth

Tax base growth is the result of new construction and development in a community, and it mitigates the impact to existing taxpayers from rising tax requisitions. The Regional District of North Okanagan's tax base growth in 2024 is 1.8% (2023 – 1.7%).

The 1.8% growth rate is based on the relative proportion of the tax requisition that is applied to 'Land & Improvements' versus 'Improvements Only' taxable assessment. It also takes into account the provincial tax multiples for non-residential property.

The following table presents the 2024 tax base growth for each jurisdiction with comparable figures from 2023.

Jurisdiction	2024 Tax Base Growth	2023 Tax Base Growth
Armstrong	0.7%	0.8%
Enderby	1.7%	2.3%

Electoral Area 'E'	2.1%	2.2%
Electoral Area 'F'	3.3%	2.5%
Weighted Average	1.8%	1.7%

Tax Base Splits by Jurisdiction

The 2024 Completed Roll from the BC Assessment Authority has been used to determine the splits among jurisdictions. The Revised Roll, which will be received at the beginning of April, is the roll used for taxation purposes. The figures are subject to change based on updated information received from BC Assessment, but in prior years there has been no significant changes to the apportionments calculated from the Revised Roll relative to the Completed Roll.

Relative to 2023, there have been a few adjustments among the jurisdictions in terms of their proportionate share of the Regional District's total tax base. The variation is due to the relative changes in total assessed values among the jurisdictions caused by market changes in assessed values and tax base growth. The table below shows the split among regional partners based on 'Land & Improvements'.

Jurisdiction	2024 Split	2023 Split
Armstrong	4.6%	4.6%
Enderby	2.4%	2.4%
Vernon	51.7%	51.7%
Coldstream	13.0%	12.8%
Spallumcheen	5.8%	5.6%
Lumby	1.9%	1.8%
Electoral Area 'B'	6.1%	6.2%
Electoral Area 'C'	6.2%	6.2%
Electoral Area 'D'	2.6%	2.8%
Electoral Area 'E'	0.8%	0.9%
Electoral Area 'F'	4.9%	5.0%
Total	100.0%	100.0%

Those jurisdictions that experience an increase in assessed values relative to others will experience a higher increase in their tax requisitions. Furthermore, most of the Regional District's services are sub-regional. Only 8 of 74 active services include tax requisitions from all 11 regional partners. For

those services that do not include all partners, the relative changes in assessment from year to year can create even greater shifts in the tax requisition amongst jurisdictions.

Tax Requisitions by Jurisdiction

The tax requisition summaries for all six municipalities and five electoral areas are attached as Attachment 'B'. The following table presents the 2024 tax requisitions for each jurisdiction with a comparison to 2023. The percentage increase column is prior to incorporating the tax base growth for each jurisdiction. Compared to the figures presented at the February 28th Committee of the Whole meeting, the requisitions for Electoral Areas 'E' and 'F' have increased, the requisitions for Electoral Area 'C' and the Local Area Services are unchanged and all other requisitions have decreased.

Historical Tax Requisitions

The following graph presents the Regional District's tax requisition for the past 10 years on a per capita basis, adjusted for inflation. The graph shows a relatively unchanged level of taxation over the past 10 years.

Budget Meetings

The following standing committees deliberated on various portions of the 2024 Financial Plan and made recommendations to the Board. All of the recommendations have been incorporated into the proposed 2024 Financial Plan.

- Committee of the Whole – February 28th
- Greater Vernon Advisory Committee – Oct 4th, Nov 1st, Dec 6th, Jan 10th and Feb 7th
- Electoral Area Advisory Committee – Dec 7th and Jan 25th
- White Valley Parks, Recreation and Culture Advisory Committee – Nov 1st and Dec 6th
- Regional Growth Management Advisory Committee – Dec 6th

The Board of Directors also received and approved in principle all of the budget recommendations from the standing committees at their November 15th, December 20th, January 24^h and February 21st meetings.

Changes to 2024 Financial Plan since February 28th

A few amendments to the Financial Plan have been made since the Committee of the Whole meeting. These changes are detailed below.

010 – General Government

The funding sources for the \$55,000 Electric Vehicle Level 2 Charging Stations project have been amended. The grant funding from BC Hydro has now been confirmed at \$9,000, but this is \$5,000 less than originally budgeted. In order to offset the shortfall, the funding from the Climate Action Reserve has been increased from \$37,000 to \$42,000. Grant funding from CleanBC is still expected to be \$4,000.

This change has no impact on the level of taxation for any of the jurisdictions.

092 – Electoral Area ‘F’ Parks & Culture

The overall budget and tax requisition for the 092 service has been increased by \$27,588. The increase is due to the phase-in of higher operational funding requirements that will arise from major park improvement projects in the near-term, such as the Grindrod Park redevelopment project planned for 2024 and 2025. The 092 Operating Reserve is being utilized for the phase-in.

This change impacts the tax requisition for Electoral Area ‘F’ only.

710 – Electoral Area Discretionary Grants

Electoral Area ‘E’ is increasing its discretionary grant budget by \$12,000, from \$5,000 to \$17,000. This change results in an increase of \$12,000 to the Electoral Area ‘E’ tax requisition.

Electoral Area ‘F’ is maintaining its discretionary grant budget at the 2023 level of \$35,000, rather than reducing it as originally proposed. This change results in an increase of \$9,006 to the Electoral Area ‘F’ tax requisition.

871 – Regional Transit

BC Transit has not approved the proposed September 2024 expansion of Routes 60 and 61, which included 700 additional hours of service to remove the weekday variants in the existing transit schedule. The rationale provided by BC Transit is that expansion requests from around the Province that did not require additional buses were approved and expansion requests that did require additional buses were not approved. The September 2024 expansion in the 871 service requires an additional bus.

As discussed at the February 28th Committee of the Whole, if the expansion was not approved by BC Transit, the budget would be amended to include a 4% increase in the 2024 tax requisition, rather than the originally proposed 15% increase.

Within the 2024 Financial Plan, staff have deferred the September 2024 expansion to September 2025. This deferred the partial year cost of \$20,000 from 2024 to 2025 and the full year cost of \$61,000 from 2025 to 2026. However, the other two expansions, which were proposed for September 2025 and September 2026, have not been deferred. Those two expansion have been kept as originally proposed, and as a result, the 871 Operating Reserve is being accessed to a greater extent in 2025 to 2027 to balance the 5-Year Financial Plan.

During the annual reconciliation of shared transit fare revenue with the City of Vernon and District of Coldstream, a higher amount of transit fare revenue was received than anticipated. As a result, the 2024 budget for transit fare revenue was raised by approximately \$9,000.

Overall, the 871 tax requisition was reduced by \$29,238 relative to the tax requisition originally proposed. These changes have reduced the tax requisitions for all jurisdictions except Electoral Areas ‘C’ and ‘E’, which are not participants in the 871 service.
