

2022 Highlights

North Okanagan Fire Training Centre

The North Okanagan Fire Training Centre was established in 1991 to accommodate a variety of technical, hands-on training for the volunteer fire departments and associations in the North Okanagan. The FTC allows users to better understand fire science and rescue operations in a controlled and safe environment. The facility is well used by organizations throughout the region and is managed by the Regional District of North Okanagan.

Facility Features

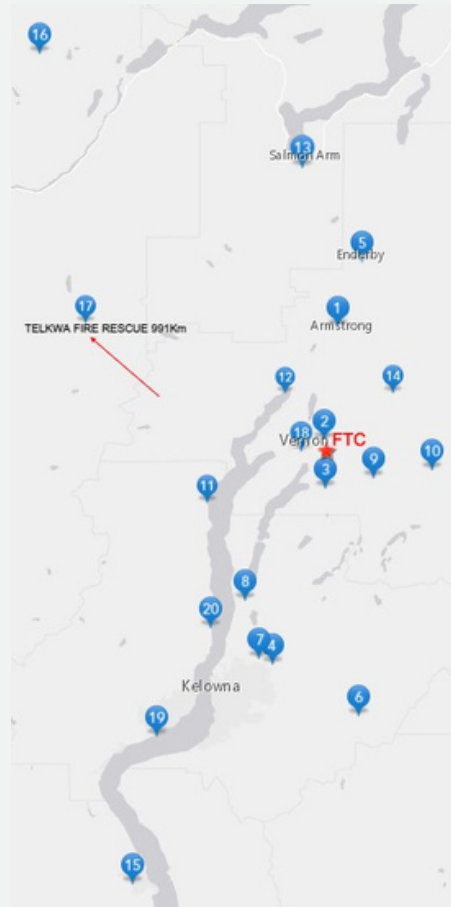

-  Live Burn Building
-  Scaffold Tower
-  Natural Gas/ Propane Props
