Temporary Closure of Armstrong/Spallumcheen DDF for Paving

The Armstrong/Spallumcheen Diversion and Disposal Facility will close temporarily to allow for paving of the new residential transfer station.

Customers of the facility are advised that the facility will be closed for three (3) consecutive days sometime between October 27 and November 8. The exact dates of closure will be announced once finalized with the contractor. The Greater Vernon Diversion and Disposal Facility will be open for customers to access during the closure. We appreciate the public's patience and understanding as we work through these important upgrades.

All inquiries regarding the project and the closure can be forwarded to solidwaste@rdno.ca
